Report of The Committee of The Whole.

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen: Your Committee of the Whole begs leave to report the following:

Resolution from the County of Kent was endorsed that the Provincial Legislature be requested to amend the High Schools Act and the Continuation Schools Act by abolishing Section Number 46 of the said High Schools Act and Section 9 of 1937 as amended by 4A of R.S.O. 1938 of the Continuation Schools Act.

Resolution from the County of Wentworth was endorsed that the Provincial Government be requested to make an amendment under the authority of sub-section 3 of section 11 of the said Act by reinstating the former provision which provided that when a person or persons moved from one municipality to another municipality the responsibility for said direct relief was that of the municipality from which such person or persons moved, until such time as said person or persons was gainfully employed for twelve continuous months.

Resolution from the County of Wentworth was endorsed that the Department of Education of the Province of Ontario be requested to amend the regulations so that provision is made for a grant on a school site, similar to that allowed on the cost of a school building, as the site is just as essential as the building.

Resolution from the County of Perth was endorsed, whereas, under the present Act, the Clerk casts the deciding vote in case of a tie in Municipal elections, after recount by the Judge, that the Ontario Legislature be

petitioned to revise the Act so that the Clerk of the Municipality cast the first ballot and that said ballot be placed in an envelope and sealed, in the polling sub-division in which he resides, and be left there unless there is a tie, and after the recount has been made and the tie still remains, that this said ballot be counted by the Judge and thus eliminate the embarrassment placed upon the Clerk at such time.

No action taken on the resolution from the County of Perth to petition the Provincial Government to institute some form of assurance whereby the average individual may have the cost of his hospitalization relieved so that it does not become a financial burden.

No action taken on the Resolution from the County of Perth to petition the Ontario Legislature to revise the Municipal Act, that a farmer's father, mother or brother, who are residents on the farm, and their labours are expended on the farm, should be entitled to a vote.

No action taken on the Resolution from the County of Simcoe to amend The Public Hospitals Act to provide that when an old age pensioner is admitted to or maintained in a Public Hospital as an indigent patient the treasurer of such hospital shall be required to collect a reasonable portion of each monthly cheque from said patient for the maintenance of such patient.

Resolution from the County of Simcoe to petition the Department of Municipal Affairs to amend subsection (1) (a) of Section 417 of the Municipal Act by adding the words, "and returning therefrom," Carried.

Resolution from the County of Simcoe was endorsed that we petition the Provincial Government to assume 50% of the cost of Children's Aid Societies and that this grant be paid directly to the municipality making the grant to the Society, and not to the local municipalities.

No action taken on the Resolution from the County of Simcoe to petition the Provincial Government to increase the maintenance grant to all hospitals, so that they may be able to meet their costs without increasing their rates or continually going "in the red."

No action taken on the Resolution from the Ontario Concentrated Milk Producers' Association requesting this County Council refrain from giving any grants to any Institution within its jurisdiction that makes use of margarine in any form.

That the report of the Finance Committee be adopted.

That no action be taken on any further grant to the Tourist Section of the Norfolk County Chamber of Commerce.

That the County Council tour the Norfolk County Road System on April 24th and 25th.

That the By-law to authorize the issuing of Debentures to the amount of \$250,000.00 be passed and referred to the Ontario Municipal Board for their approval.

All of which is respectfully submitted.

	\$400,000.00

Your Committee have made a reservation of \$63,463.39 for Bridges and Contingencies. It seems somewhat doubtful, due to Defence orders having precedence, as to whether any steel will be available in time to carry on Bridge Construction this year. If this theory proves correct, it would appear that a proportion of this could be applied to Grading and Gravelling on Roads 8, 23, and 24, which are unimproved and in bad condition, a fact the Council no doubt observed on the tour of inspection.

Your Committee, in accordance with a resolution of the last session of this Council, made an inspection of a road in the Township of Woodhouse leading from Road 12 to the Village of Port Dover. Your Committee found this

road in a fair state of repair, and considering the number of unimproved roads on the County System at the present time, regret they cannot recommend that this road be made a part of the County System.

All of which is respectfully submitted.

R. S. CHAMBERLAIN, Chairman.
C. RUSLING,
CHARLES BIRDSALL,
M. R. STICKNEY.

REPORT OF THE COUNTY ASSESSOR.

(Section 86 (1) of The Assessment Act).

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen: In preparing the report of the County Assessor for the year 1951, consideration was given to the fact that seven municipalities in the county had completed appraisals under county assessment schedules. Six of these were using the appraisals in their 1950 valuations and the seventh was using county assessment schedules on all properties except orchard and tobacco lands.

The work of appraisal in the remaining six municipalities is progressing and a larger number of appraisal cards were available for use in determining the equalizing factors in relation to their 1950 assessments. There is still delay in rural municipalities in completing county assessment appraisals as the decisions on appeals of tobacco land assessments heard in February and March, 1950, by the Ontario Municipal Board have not been given.

In preparing the report the net taxable real property assessment for the year 1950 have been taken for each municipality. In those municipalities where County appraisals have been completed equalizing factors were computed in relation to the whole roll. In the other municipalities comparisons have been made between 1950 assessments and county appraisals, consideration also being given to the sampling of the appraisals to determine equalizing factors.

For example, the figures suggested for county equalization and county levy for the Township of Windham were computed as follows:

1.—Net taxable real property		
1950		\$5,272,678.00
2.—Equalizing factor	1.1114	
3.—SUGGESTED COUNTY EQUALIZED ASSESS- MENT	1951	5,860,000.00
4.—Add Business Assessment (adjusted)	1950	17,600.00
5.—SUGGESTED ASSESS- MENT for COUNTY LEVY	1952	<u>\$5,877,600.00</u>

Similar computations have been made for the other municipalities.

Suggested Assessment for County		
Levy	1952	\$43,899,300.00
Assessment for County Levy	1951	39,097,900.00
Increase in Assessment for County Levy		<u>\$4,801,400.00</u>

The assessment rolls of the various municipalities for the year 1950 are in the council chambers for your examination.

This report is presented as a suggested basis for equalization under section 87 of The Assessment Act, R. S. O. 1950, chapter 24.

Your obedient servant,

R. P. QUANCE, County Assessor.
County of Norfolk.
